

What makes us unique?

GOVERNMENT CERTIFIED TO THE HIGHEST STANDARDS

NCSC CPA, FIPS 140-2 Level 2 / Level 3, NLNCSA BSPA & NATO Restricted Level certified

EDGE TECHNOLOGY

Uniquely featuring a dedicated on-board Common Criteria EAL4+ secure microprocessor

INDEPENDENT USER & ADMIN PIN

Which makes our devices perfect for government deployment

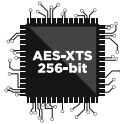

DATA AT REST PROTECTION

All data and encryption keys are always encrypted whilst at rest

GDPR COMPLIANT

All of our products are compliant with the new GDPR regulation

ULTRA SECURE

Advanced portable data security via built-in AES-XTS 256-bit full disk hardware encryption engine

USB 3.0 / 3.1 speed

Superfast backwards compatible data transfer speeds

EASY TO USE

To unlock the device, simply enter your unique 7-15 digit PIN

BRUTE FORCE HACK DEFENCE MECHANISM

Intelligently programmed to protect against all forms of brute force attacks

OS & PLATFORM INDEPENDENT

No software required. Works on any device with a USB port

Without the PIN there's no way in!

About iStorage

iStorage is the trusted global leader of award winning PIN authenticated, hardware encrypted data storage devices. Delivering the most innovative products to securely store and protect data to military specified encryption levels; safeguarding valuable business information whilst ensuring compliance to regulations and directives.

Request a free 30 day evaluation

iStorage products are used extensively by government departments, financial institutions, utility and energy companies as well as countless multi-national organisations.

To find out why such companies trust iStorage with their valuable and sensitive data, request a no-obligation products evaluation from iStorage.
